CLOSET•PRO HD™

Closet Poles & Rods

Brackets & End Caps

Over-the-Door Program

Pole Sockets

Closet-Pro HD™ organizational products maximize the storage space in any size and style of closet, from small coat storage to a large master suite walk-in. The shelf rod brackets offer Slide-Thru™ features so hangers slide through without obstruction. The brackets hold up to 1,000 lbs. per pair, giving a steady and strong support for any kind of storage. Installation is fast and easy with the poles snapping in place—no screws are required. All components are available in a variety of upscale finishes. Finally, adding the closet pole end caps will create a clean and finished look in any closet.
