

KV Salice Hinge Kit Program

- Nickel & Black Finish
- 3-Way Adjustable

The Knape and Vogt Salice Hinge Kit program features three adjustable camms - horizontal (lateral), depth and vertical (height).

These three adjustments make it easier than ever to fine-tune the fit of pocket doors such as those found on entertainment centers and computer workstations.

Horizontal (Lateral) Adjustment Cam

The horizontal (lateral) adjustment range is 6mm (-1/5mm to +4.5mm for 35mm cup hinges, -0.5mm to +5.5mm for 40mm cups), while maintaining a constant gap behind the door.

Vertical (Height) Adjustment Cam

The vertical (height) adjustment range is 4mm (-2mm to +2mm).

Depth Adjustment Cam

The depth adjustment range is 3/1mm (-0.5mm to +2.8mm) for all hinge bases.

PRODUCT FEATURES

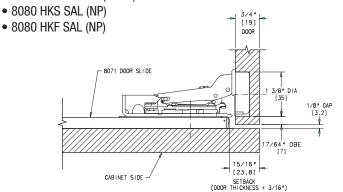

- Three-way cam hinges provide fast and easy door adjustments. Horizontal, vertical and depth changes can be made without loosening any screws.
- Packaged for use with KV 8071, 8081 and 8091 Pocket Door Systems. Packaging includes hinge bases, hinges, mounting screws and cover caps.
- Four types of hinges are available to fit a wide varity of pocket door applications - standard inset, free swing, partial overlay and extra-thick doors.
- Backed by the exclusive Knape & Vogt Limited Lifetime Warranty

FRAMELESS APPLICATIONS - 8071 SETUP

Standard or Free Swing Inset

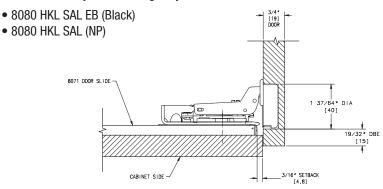

Frameless, inset application with 3/4" thick door

• 8080 HKS SAL EB (Black)

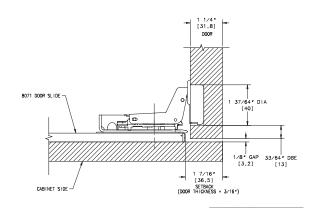

Partial Overlay

Frameless application with 3/4" thick door Maximum overlay with full hinge adjustment is 3/8"

Thick and Extra-thick Inset Frameless, inset application with 1" to 1-1/4" thick door

• 8080 HKX SAL EB (Black) • 8086 HKF SAL (NP)

FACE-FRAME APPLICATIONS - 8071 SETUI

Standard Inset

Face-frame application with 3/4" thick door

• 8080 HKS SAL EB (Black)

• 8086 HKS SAL (NP)
