

Over-the-Door Program

Retail Sell Sheet

The John Sterling™ Closet-Pro HD™ Over-The-Door Program is perfect for college dorm rooms, additional hanging space in bedrooms and laundry rooms, or for coat closet overflow. These Over-The-Door solutions take seconds to install and are designed to expand your available storage.

The Closet Rod Kit is perfect for bathroom doors. With four heavy-duty hooks it can support several robes and bath towels.

The Garment Rail is a mini-closet. It can easily hold ten shirts. A cramped college dorm room, with little closet space, becomes a more comfortable living space with the addition of an Over-The-Door Garment Rail.

The Valet Rod folds up when not in use, and folds down when you suddenly find you need more space to hang coats, shirts or your next day's outfit.

- Fits door sizes 1-3/8" and 1-3/4" thickness with included adapter
- Easy to install

261-1PM
