

Ceiling Storage Rack with Adjustable Height and Width

The 30" x 26" Ceiling Storage Rack is great for the garage, basement, attic, under decks and porches or any other place that needs extra storage. These units adjust to accommodate any ceiling joist configuration. The rack is width adjustable from 22" to 33" and height adjustable from 17" to 26". It can be used with or without a platform. Provides easy out-of-the-way storage for long-handled tools, lumber, kayaks and more. With the unique ceiling mount, the rack also can be attached below and onto an existing HyLoft® Ceiling Storage Unit, creating a second tier of storage. Made of durable steel with an attractive, scratch resistant powder coat finish in white. Holds up to 250 lbs. per pair of racks (lumber not included).
