1/4" Shelf Supports and Grommets

1. Product Name
325 Series Grommets.
331 Series Shelf Supports.
335 Series Plastic Shelf Supports.
346 Series Metal Shelf Pins.
For built-in shelving applications.

2. Manufacturer
Knape & Vogt® Manufacturing Company
2700 Oak Industrial Dr. NE, Grand Rapids, MI USA 49505-6026
616.459.3311 | www.kv.com

3. Product Description
Basic Use: KV 1/4" Shelf Supports are designed for built in shelving for cabinetry and other shelving applications.

Composition and Materials:
325 ANO and 325 BR Grommets: Steel
331 ANO and 331 STB Shelf Supports: Steel
335 Series Plastic Shelf Supports: Plastic
346 Series Metal Shelf Pins: Steel

Sizes:
325 ANO and 325 BR Grommets: for 1/4" holes
331 ANO and 331 STB Shelf Supports: for 1/4" holes
335 Series Plastic Shelf Supports: for 1/4" holes
346 Series Metal Shelf Pins: for 1/4" holes

Finishes: Anochrome (ANO), Brass-Look (BR), Clear (CL), Plastic (PLAS), Walnut (WAL), and White (WH). RoHS compliant: Anochrome (electro plated steel), Clear (plastic), Plastic (plastic), Walnut (electro plated steel) and White (plastic).

4. Technical Data
Applicable Standards: KV 1/4" Shelf Supports are tested to meet or exceed ANSI performance standards as established by BHMA in the Knape & Vogt (KV) recommended application.

Results were obtained by laboratory testing in accordance with ANSI/ BHMA A156.9-2003 performance standard. Actual use conditions will typically result in lower load capacity than laboratory conditions.

Representative testing in a fully configured application is the only way to assure proper performance, durability, and safety.

The aforementioned shelf support load limit is intended as a guide only and not as a warranty. Actual load bearing capabilities depend upon the type of cabinet/wall material and use of appropriate shelf standard mounting fasteners, installation technique, shelf standard spacing, shelf size and construction.

Environmental Considerations:
Environment: Excessive humidity, salts, or other chemical agents can corrode the finish and attack metal or plastic components.
Fastening: Inadequate or incorrect fasteners can result in the product pulling loose and causing damage.
Alignment: Improper product alignment can result in a system that is ineffective and unsafe.

5. Installation
For maximum loading capacity, fasten into studs or solid wall/cabinet. Place product in desired position. Use of proper adhesives to secure in place is recommended.

6. Availability and Cost
Availability: Knape & Vogt (KV) products are available from stocking distributors and through KV Representatives worldwide.

Cost: Current pricing is available from area KV Representatives. Please call for the nearest representative at: 800.253.1561.

7. Warranty
Limited Lifetime Warranty: Knape & Vogt offers its standard Limited Lifetime Warranty to the initial purchaser of commercial products. This warranty covers defects in materials and workmanship which occur during normal use, and the remedy is limited to repair or replacement of defective products, at KV’s option. Certain types of defects and damage are excluded from warranty coverage, costs and expenses are not covered, and additional restrictions apply. A copy of the Limited Lifetime Warranty, with all warranty details, limitations and disclaimers, is available on the Customer Care Connection location at www.kv.com or from KV Customer Service, 2700 Oak Industrial Drive, Grand Rapids, MI 49505, 800.253.1561.

8. Maintenance
KV 1/4" Shelf Supports require no maintenance. Inspect for proper fit periodically and adjust when necessary. Replace as required or recommended by application.

9. Technical Services
Knape & Vogt and area representatives can assist with any application. For further information, or for the name of the representative nearest you, please call Knape & Vogt Customer Service: 800.253.1561 or visit our website at: www.kv.com.

10. Filing Systems
Additional product information, data sheets, application sheets, and a full catalog are available upon request from Knape & Vogt.

Knape & Vogt shelving products follow the ANSI testing standards established by BHMA.
